

HIS PENDING FATE

No Verdict Reached by the
Luetgert Jury Last Night

RUMORS OF ITS ATTITUDE

It Is Believed to Be Standing
Eight for Conviction

A Story that Eleven Jurymen Want
to Hang the Big Sausage Maker
Through Circumstances indicate
a Disagreement.

Chicago, Oct. 19.—Another night of suspense is ahead of the defendant in the Luetgert murder case. At 9 o'clock the jury had gone to bed on coats which were placed in the court room, and it was announced by Judge Tuthill that even though by one chance in a million the jurors should wake up and agree on a verdict, there would be no announcement and the court room would under no circumstances be opened until 10 o'clock tomorrow.

There were rumors of all kinds afloat during the evening, all of them being to the effect that the friends of Luetgert on the jury were weakening. It was known during the day that the vote stood 8 to 4, and tonight there were rumors that it was ten for the death penalty and two for acquittal. A later story is that it stood eleven for hanging and one for acquittal.

The chances tonight seem to favor a disagreement of eight for conviction and four for acquittal.

DEATH OF GEORGE M. PULLMAN.

The Palace Car Magnate Found Dead
in His Bed.

Chicago, Oct. 19.—George M. Pullman died suddenly of heart disease this morning in his magnificent brown stone house, corner of Prairie avenue and Eighteenth street. He was found dead in his bed. He retired last evening at the usual hour, which was somewhat early. He was in apparently ordinary good health and there was no indication of his demise or, indeed, any premonition even of illness.

Mr. Pullman, who was in his sixty-sixth year, had not been enjoying his usual good health during the summer. The extreme heat of last week generally aggravated his disease, known to medical science as angina pectoris. George M. Pullman came to Chicago in 1859. He at once took a prominent place in business circles. In 1880 owing to the growing demands of his manufacturing interests he put into execution a pet theory for the establishment of a "model town" as a home for his car works, and the thousands of employees. A site was selected on the shores of Lake Calumet, twelve miles south of Chicago. Mr. Pullman devoted his personal attention to the erection of a little city and succeeded even beyond his expectations in making a model town. Pullman now has a population of 11,000.

Mr. Pullman's wealth is variously estimated at from \$12,000,000 to \$30,000,000. His financial interests are confined to few corporations, the bulk of the holdings being stock in the Pullman Palace Car company, of which he owned about one-fifth. Mr. Pullman was married in 1867 to Miss Hattie Sanger of Chicago, and four children are living, George, Sanger, Harriet and Florence. The latter was married to Frank O. Lowden of this city two years ago.

AUSTRIA MAKES COMPLAINT.

Wants the Recent Hazelton Tragedy
Investigated.

Washington, Oct. 19.—Secretary of State Sherman has sent the following letter to Governor Hastings of Pennsylvania:

"His excellency, the Austrian minister, has filed a communication with this department, representing that in the commonwealth of Pennsylvania, near Hazelton, on the 10th of September, 1897, a conflict took place between the sheriff of Luzerne county, supported by an armed force, and certain striking workmen; that in that conflict ten Austrian and Hungarian subjects were killed and eleven more wounded; also that of the other three in hospitals whose names would seem to indicate that they are of Austrian or Hungarian birth.

"According to the representations of the minister, the victims of this catastrophe were guilty of no acts of violence, nor in any opposition to local authority which might justify the measures taken against them. It is also claimed by the minister that a number of the deceased were fired upon without cause, and while in retreat and that these acts constitute a violation of the rights of Austrian subjects.

"It is represented on the part of the Austrian government that these subjects suffered death and grievous

wounds, not in unlawful opposition to the authorities of Pennsylvania, but by reason of unwarranted and unlawful use of power by the sheriff of Luzerne county of your state.

"The Austrian government, through its minister, has requested this department to bring the matter to the proper authority that it may be thoroughly investigated and the result communicated to that government.

"Will you be kind enough to report to this department the facts in the matter and the status of affairs in relation to these cases, together with such information and suggestions as may be deemed pertinent by you, in order that the request of the Austrian minister may be complied with and such action taken as may be proper in the premises?"

A JURY BRIBERY AT LIBERTY.

Sentenced for Two Years. He Is Released in Two Months.

Omaha, Neb., Oct. 19.—Joseph S. Wright, about 66 years of age, was sentenced June 9 last, by Judge Baker of the district court to two years in the county jail on Wright's confession of an attempt to bribe Juror Rohrbrough, who was about to be summoned as a juror in the criminal case against ex-State Treasurer Joseph S. Bartley.

It has just been discovered that Wright has been released, after scarcely two months' confinement, upon an order of Judge Baker, issued because of the report of physicians that Wright's health was failing. The case at the time aroused great indignation in Omaha, and Wright's release, so carefully concealed, now causes considerable comment in legal circles. Judge Baker explains that he said nothing about Wright's release, because he deemed it of no importance. Sheriff McDonald says he did not know that Wright, who was first removed to the county hospital and thence discharged, was at large.

SUICIDE OF FAMOUS MODEL.

Former Society Belle Who Posed for
a Figure in "Navigation."

St. Louis, Oct. 19.—There is a romantic story connected with the suicide of "Nellie Norman," who died yesterday in this city. The girl's real name was Nellie Anderson, a former belle of Fresno, Cal., where her parents are very wealthy. Several years ago she ran away with her father's gardener against the wishes of her parents. Her father located the couple in Stockton, Cal., and gave his son-in-law a start in business. Two weeks later the girl left her husband and came east.

Later she became an artist's model, and, on account of her beauty, was much in demand. She was the model for one of the figures in Boyle's "Navigation," in the transportation building at the world's fair. She also posed for the Medallion, the acceptance of which caused a lot of trouble in the world's fair board.

Her Bohemian life proved too much for her, and in six months the form and beauty over which the artists had raved was gone. Becoming sick and discouraged, she ended her life by taking a dose of carbolic acid. She was only 23 years old.

CUBAN PRISONERS RELEASED.

General Weyler Empties the Isle of
Pines.

Havana, Oct. 19.—The Spanish general, Jimenez Castellan, accompanied by his son, Lieutenant Aldolph Castellan, Captain Pedro Aguilera, his aide de camp, twenty-nine other officers and seventy sick soldiers, arrived here today from Puerto Principe. General Weyler has ordered the release from the Isle of Pines, the Spanish penal settlement, of eleven prisoners who were, it is alleged, concerned in the uprising which resulted in the imprisonment of Evangelina Cossio y Cossio, who recently escaped from a Recogidas, in this city, and who is now in New York. The release of Abram Sohas, Juan and Perto Torres, Jose Jestead Goloy and seventeen other political prisoners has also been ordered by General Weyler.

MUST MOVE THE OFFICES.

Latest Proceedings in the Kansas
City Stock Yards Case.

Topeka, Kan., Oct. 19.—Attorney General Boyle today commenced quo warranto proceedings in the supreme court to secure the forfeiture of the charter of the Kansas City Stock Yards company, alleging that the company is violating the state law under which its charter was secured by maintaining general offices in Kansas

"I'M AFRAID I WON'T RAISE THAT BOY."

London, Oct. 17.—"The queen Empress was very much grieved at the attitude of the United States eighteen months ago, and it is an open secret that Her Majesty, who has made a close study of the American people, holds almost pessimistic views in regard to the stability and future of the Republic."

CITY, MO. The company, the attorney-

general claims, seeks to evade the law enacted by the legislature last winter, now in litigation in the federal court, by contending that it is an interstate corporation. This, the state contends, is untrue, as the company is a Kansas institution, and should conform to the Kansas law, which provides that the general offices shall be maintained in Kansas.

The object of the suit is to compel the company to remove its general offices to Kansas City, Kan.

STERN MEXICAN JUSTICE.

Likely to Kill All Concerned in the
Arroyo Affair.

City of Mexico, Oct. 19.—The public prosecutor has demanded a sentence of death on ten people concerned in the murder of Anulfo Arroyo, among them Inspector of Police Villavicencio, who is charged with deliberately perjurying himself and taking special pains to deceive justice in investigations, and also Miguel Cabrera, who was second assistant inspector of detectives. Public opinion sustains the prosecuting officer in his demand that capital punishment shall be inflicted on these men.

DEPUTY COLLECTOR'S CASE

The Civil Service Reform League Asks
for a Hearing.

Washington, Oct. 19.—Attorney-General McKenna this morning received a letter from the civil service reform league in New York asking that the representatives of the league in that city, and its friends in Boston and Baltimore, be given a hearing on the case regarding the power of removal of deputy collectors. The league asked that the hearing be put down for Saturday, and Mr. McKenna has decided to grant the request. It is understood that an opinion in the case has been drafted by the department of justice, but the draft has not been approved by the attorney-general.

URGING RETALIATION.

Berlin, Oct. 19.—The German sugar industry society has again petitioned Prince Hohenlohe, the imperial chancellor, protesting against differentials in the new United States tariff and demanding that the German government take adequate and vigorous steps to protect German sugar growers.

GOMPERS' CALL

Washington, Oct. 19.—President Samuel Gompers has issued a call to all affiliated unions for the 17th annual convention of the American Federation of Labor, to be held at Nashville, Tenn., on December 13 next.

RETURN OF AN EXPLORER.

London, Oct. 19.—Cavendish, nephew of the Duke of Devonshire, who has been exploring Somaliland, in East Africa, and who with his party was reported to have been massacred by natives, has arrived safely in London from Zanzibar.

WHEAT.

Chicago, Oct. 19.—December wheat closed at 90%.

HUGHES WILL COME BACK

It Is Possible He Will Appear
in Tucson Today.

A Rumor That He Has Sent to the
Board of Supervisors a Statement
of His Defalcations—An Ex-
part at Work.

Tucson, Ariz., Oct. 19.—(Special.)—It is the opinion of most people here that Fred G. Hughes will return to Tucson, and his appearance tomorrow would occasion no surprise. It is reported that he has mailed to Supervisor Samanlego a statement setting forth the extent of his defalcations, but this is not generally believed.

Though he is believed to be in or near Nogales, Sonora, no steps have been taken toward procuring his arrest and detention by the Mexican authorities. This apathy is variously accounted for. Some say that the local authorities are confident that Hughes will surrender himself, while others say that in some quarters his presence is not desirable.

The board of supervisors today appointed Ben Heney to expert Hughes' accounts, paying him \$7.50 a day. There was some objection to this action by members of the good government club, who believed that the matter should be left to a special grand jury to select an expert.

A SMALL BOY ASSASSINATED.

The 5-Year-Old Son of Captain Bridges
Wantonly Killed.

Guthrie, Ok., Oct. 19.—Captain L. L. Bridges, a well known attorney, found his 5-year-old son lying on the sidewalk at his front gate about 8 o'clock this morning. The child failed to move when spoken to, and, when the father took him in his arms, he was found to be dead, with a bullet hole over his right eye.

The 13-year-old son of John Mathews, who lives on the opposite side of the street, was arrested for the killing. The Mathews boy had whipped Captain Bridges' son yesterday. The bullet came from across the street, apparently from Mathews' house, and a 22-caliber target rifle with an empty shell, which had just been fired, was found behind a door in the Mathews house. No one saw the shooting and the boy denies having done it.

Captain Bridges formerly lived at Sedalia, Mo.

OLIVER FOUND GUILTY.

Dynamite User Sentenced to Six
Years' Imprisonment.

Leavenworth, Kan., Oct. 19.—Joseph W. Oliver, the veteran, charged with having blown up the residence of Col. A. J. Smith, former governor of the soldiers' home, with dynamite, was convicted in the United States court last evening. On the first ballot eleven of the jury were for conviction and the verdict was reached half an hour after the jury left the court room. The indictment charged Oliver with an attempt to murder Col. Smith and with attempt to commit manslaughter by injuring Mrs. Smith. This morning Judge Foster sentenced Oliver to six years' confinement in the federal penitentiary—three years on each count—and one dollar fine, the sentence on the sec-

ond count to commence at the expiration of the first. In passing sentence, Judge Foster said that he was sorry the law did not permit him to make the punishment commensurate with the heinousness of the crime.

When asked if he had anything to say before sentence was passed, Oliver responded: "I don't blame the jury for finding me guilty, but I leave the witnesses to be punished by their own consciences and to be judged by God."

INOCULATION CALLED MURDER.

Strongly Condemned by the American
Humane Society.

Nashville, Tenn., Oct. 19.—At yesterday afternoon's session of the American Humane society Dr. Albert Leflingwell of Aurora, N. Y., read a paper on "Scientific Assassination," dealing with Dr. Sanarelli's inoculation of healthy persons with yellow fever germs and declaring that all, or nearly all of the unsuspecting subjects had died of the disease. On this statement a resolution was adopted, denouncing the vivisection of inferior animals and condemning as murder the taking of human life for scientific ends.

AFRAID OF MORMONISM.

Minnesota Presbyterians Pass Resolutions
Against It.

Minneapolis, Minn., Oct. 19.—A special to the Journal from Mankato says that at the session of the state Presbyterian synod this morning the following resolution was passed: "That a committee be appointed to act as a bureau of information to publish information to counteract the pernicious doctrines of Mormonism, which are being quietly and very persistently taught in different parts of the state."

A BARBER ASSASSINATED.

Bakersfield, Cal., Oct. 19.—J. C. Davis, a well known barber in this city, was assassinated last night at 3 o'clock near the Baptist church, by some unknown man, but the body was not found until early this morning. The weapon used was a pistol, fired at close range, the ball entering the left cheek bone.

PRICE OF MONEY.

New York, Oct. 19.—Money on call, easy at 2@2½ per cent; last loan, 2½; closed, 2½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange, firm, with actual business in bankers' bills at \$4.84½ for demand and at \$4.82@4.82½ for sixty days; posted rates, \$4.82½@4.83½ and \$4.85; commercial bills, \$4.81; silver certificates, 58½; Mexican dollars, 44%.

A STATE OF HAWAII

It's Not Only Desirable But Really
Indispensible

MR. MORGAN'S ENTHUSIASM

His Annexation Convictions
Take Deeper Root

No Opposition On the Islands Except That of Royalists for Revenue—He Believes It Will Be Accomplished Next Year.

San Francisco, Oct. 19.—Senator Morgan and his daughters and F. M. Hatch, the new minister from Hawaii, were among the passengers who arrived from Honolulu upon the steamship Belgic today. Senator Morgan expressed himself as well pleased with what he saw and the manner in which he was entertained while on the islands. He is more than ever enthusiastic on the subject of annexation and intimates that Hawaii may become a part of this country before the close of the coming year.

He said: "Hawaii is certainly going to be a state, but whether it will be at the time of its annexation or later remains to be seen. Should it be annexed as a territory the Hawaiian commissioners will surely recommend that the islands be admitted to statehood and a special act of congress would undoubtedly follow. I have favored annexation from the beginning, but I was surprised upon investigating the matter to find that arguments in favor of the movement had been understated. In my opinion Hawaii is absolutely indispensable to the United States, and we must have those islands. The only opposition I found was that of a few Lilioukalani royalists, who have no right over there and are for the most part royalists for revenue only."

The senator and the Misses Morgan will leave here for their home in Selma, Ala., in a few days.

DEADLY MISSED SHOT.

Fatally Injured Mike Walsh in a Victor
Mine.

Victor, Colo., Oct. 19.—The missed shot has again got in its deadly work. While Mike Walsh was trying to pick out a missed shot in the eighty-foot level of the Equitable lease on the Independence extension, just east of this city at 4:45 o'clock this afternoon, an explosion occurred. As a result Walsh was mortally injured, and his partner, G. W. Houck, was seriously and probably fatally injured. At 11:30 o'clock this evening Walsh is alive, but the physicians state that cannot possibly recover. One of his arms was blown off, his head crushed and he was terribly injured internally. Drs. McKenzie, Collins and Booth are in attendance on the wounded man. Both Walsh and Houck are well known miners of this camp. Some months ago Walsh was shot and severely injured by Alex May in a quarrel over the ownership of a horse.

COUNTERBLAST ON SOCIALISM.

Rev. A. E. Craig Did Not Agree With
His Colleagues.

Battle Creek, Mich., Oct. 19.—The trend of papers and discussions at the civic-philanthropic conference during the week has been quite socialistic. Today Rev. A. E. Craig of Albion college read a paper on "Ethics of Socialism," in which he denounced socialistic doctrines and created something of a sensation. He gave a review of socialism and outlined socialistic teachings. He said that the ethical idea of socialism was not a lofty one. It rejected religion and morals; it destroyed incentive and aspiration, and, in practice, would break up the home. The equality attained under that system would be a dead loss of mediocrity. If material well being was assured, there would be no effort. Necessity is the mother of invention. The best development must come through personal development. Socialism is the outcome of materialistic philosophy.

Miss Clara Moorhouse, secretary of the King's Daughters in Chicago, gave an outline of the work in that city and its purposes. Dr. George Hoover, superintendent of the Home Finding association of Chicago, explained the good being done by that organization.

REAPPEARANCE OF THE PLAGUE.

Bombay, Oct. 19.—Another outbreak of disease, supposed to be the bubonic plague, has occurred in the village of Jullundur, in the Punjab district. Twenty-three deaths from this cause have already been reported. The infection was brought from Huelomar, on the Ganges, by Hindoo pilgrimages.

MAULIFFE WHIPPED AGAIN.

Los Angeles, Oct. 19.—Stelzner was awarded the decision over Big Jim Mauliffe tonight in a fifteen-round
